- The National Student Loan Data System (NSLDS) is the U.S. Department of Education's (DOE) central database for student aid.
- NSLDS receives data from schools, guaranty agencies, the Direct Loan program, and other DOE programs. NSLDS Student Access provides a centralized, integrated view of Title IV loans and grants so that recipients of Title IV Aid can access and inquire about their Title IV loans and/or grant data.

The screenshot shows the homepage of the Federal Student Aid website. At the top, there is a navigation bar with the text "An official website of the United States government." and "Help Center English | Español". Below this is the "Federal Student Aid" logo and a menu with options: "UNDERSTAND AID", "APPLY FOR AID", "COMPLETE AID PROCESS", and "MANAGE LOANS". There are also links for "Log In" and "Create Account".

The main content area features a large heading: "You Are America's Smartest Investment". Below this heading is a paragraph: "The U.S. Department of Education's office of Federal Student Aid (FSA) provides more than \$120 billion in financial aid to help pay for college or career school each year." To the right of this text is a "Log In" button and a "Create Account" link.

Below the main heading are four columns representing different user groups:

- Considering School**: *I'm thinking about going to college or a career school.*
- In School**: *I'm in the process of earning a degree or certificate.*
- Parent**: *I want to help my child pay for college.*
- In Repayment**: *I have loans I need to repay.*

At the bottom left, there is a section titled "Getting ready for college can be easier than you think." with a sub-headline: "It's never too early—or too late—to explore your options for college or career school. This site discusses how to get in." To the right of this section is a "POPULAR TOPICS" section with links for "Get Checklists for Academic and Financial Preparation" and "Choose a School".
